STAFF RIDE of the Little Bighorn Battlefield

*“EXPERIENCE THE LIFE OF A
CAVALRY TROOPER ON THE
AMERICAN FRONTIER”*

Hosted by

US Cavalry School

The U. S. Cavalry School uses the historic Army Staff Ride technique for the on-site study and analysis of significant battles. The highlight of this program is a field study of one of several battlefields that are important to a fuller understanding of military / cavalry operations.

The Staff Ride is cited by the U.S. Army as “one of the most powerful techniques of instruction available for the education of professional soldiers.” The format of instruction normally involves three phases:

Preliminary study

Field study

Retrospection

Staff ride participants learn the lessons of effective leadership, unit cohesion, tactics and strategy, and the use of terrain on the battlefield. The lessons of decision making, establishing & following a relevant strategy, teamwork, communication, and logistics are taught incomparably in the Staff Ride.

Whether you are a Military, Government, or civilian group our Staff Rides and encampments are superb teambuilding events, provide lasting lessons, and amazing memories. Each Staff Ride is carefully planned to ensure the most meaningful education experience possible.

Our Little Bighorn Staff Ride and encampment is held on this sacred battlefield, where a portion of the battle was fought, and is intermingled within Little Bighorn National Battlefield Park at Crow Agency, MT - only an hour south of Billings.

“Only by riding the Little Bighorn Battlefield can you truly put yourself in the minds (and boots) of the troopers and leaders of the 7th Cavalry.”

Courses available in Montana, Washington, or at your location.
